

THE SOCIETY FOR  
RADIOLOGICAL PROTECTION

# UK Society for Radiological Protection

Rising Generations Group (RGG) – IRPA2018  
**(SRP)**

# Who are we?

- We are the **UK's YGN** for our national Radiation Protection Society, SRP
- Part of our Strategic Plan is to *“provide support to young professionals in the development of their career in radiation protection”*
- We have **over 200 members** in various fields
- Anyone in the first **ten years of their RP career** is welcome to join (no age limit!)
- **RGG Committee** consisting of **10 people** who meet four times a year
- Chair Jess Revill (Health Physicist, Rolls-Royce)
- Secretary Thiago Lima (Medical Physics Expert, Cantonal Hospital Aarau, Switzerland)

# RGG Committee

# Some of our members!

# What do we do?

- Run a **mentoring scheme!** Launched January 2018
- Match **less experienced RP professionals with senior members** (ideally in a similar field) who are able to offer advice and guidance via suitable communication means (e.g. phone, e-mail, or face-to-face meetings).
- Mentors aim to support mentees with their learning and development for an **agreed period** (e.g. 12 months)
- Mentoring may include help with a **particular project or problem**, guidance during a **course of study** where no other suitable mentor is available, advice on **career progression** or assistance with a **paper publication**, a **conference poster**, or a **competition entry**.

# What do we do?

- Offer careers advice via careers fairs and university talks

# What do we do?

- Run **RPA and RWA portfolio events**
- Opportunity to win **RGG Best Presentation Award** every year at the SRP Annual Conference

# It's not all work and no play!

- **RGG evening dinner every year at the Annual Conference**

# Any Questions?
