

# International Radiation Protection Association

**TO : PRESIDENTS AND SECRETARIES OF IRPA ASSOCIATE SOCIETIES**

**IRPA 13 BUSINESS PROGRAMME – SECOND LETTER**

**REF: IRPA 13-11/01**

**31 January 2012**

Dear Presidents, Dear Secretaries,

This second letter concerning the preparation of the IRPA 13 Business Programme is to inform you about the results of the Associate Societies consultation concerning the candidatures for nomination to the IRPA Executive Council at IRPA 13 and the expressions of interest to host the IRPA 15 International Congress in 2020 (Deadline 31 December 2011).

## **Candidates for nomination to the Executive Council 2012-2016.**

Four positions for Executive Council members will be vacant in Glasgow, which means that 1/3 of the membership of the Executive Council will be renewed at the occasion of the IRPA 13 Congress. Ten candidates have been proposed by 9 Associate Societies. The candidates are the following:

- **Ana Maria Bomben** – Argentina, proposed by the Argentine Radiation Protection Society (SAR)
- **Brad Cassels** – Australia, proposed by the Australasian Radiation Protection Society (ARPS)
- **Rajaâ Cherkaoui El Moursli** – Morocco, proposed by the Moroccan Association for Radiation Protection (AMR)
- **Alfred Hefner** – Austria, proposed by the Austrian Radiation Protection Association (OEVS)
- **Toshiso Kosako** - Japan, proposed by the Japan Health Physics Society (JHPS)
- **Sigurdur Magnusson** – Iceland, proposed by the Nordic Society of Radiation Protection (NSFS)
- **Ruth McBurney** – USA, proposed by the Health Physics Society (HPS)
- **Eduardo Medina Geronzini** – Peru, proposed by the Peruvian Society of Radiation Protection
- **Celso Osimani** – Italy, proposed by the Italian Radiation Protection Association (AIRP)
- **Richard Vetter** – USA, proposed by the Health Physics Society (HPS)

# International Radiation Protection Association

Apart from the nominations proposed by the Associate Societies, the Executive Council is proposing the following nominations for the positions of Officers.

- *President* - **Renate Czarwinski** from the German-Swiss Association for Radiation Protection (FS), Germany
- *Vice-President* - **Roger Coates** from the Society for Radiological Protection (SRP), UK
- *Executive Officer* - **Bernard Le Guen** from the French Society for Radiation Protection (SFRP)
- *Treasurer* - **Richard Toohey** from the Health Physics Society (HPS), USA
- *Publication Director* - **Chris Clement** from the Canadian Radiation Protection Association (CRPA), Canada

The Curriculum Vitae of each candidate as well as her/his statement of motivation can be found in separate document to this letter entitled : "Candidates to the IRPA Executive Council 2012-2016".

## Expressions of interest to host IRPA 15

Three Associate Societies have expressed their interest to host the IRPA 15 International Congress to be held in 2020. They are the following:

- The Australian Radiation Protection Society in **Adelaide**, Australia
- The Brazilian Radiological Protection Society in **Sao Paulo or Rio de Janeiro**, Brazil
- The Korean Association for Radiation Protection in **Seoul**, Republic of Korea (Interest already expressed at the IRPA 12 General Assembly in Buenos-Aires)

The three expressions of interest are presented in a separate document to this letter entitled : "Expressions of Interest to Host the IRPA15 International Congress in 2020".

I also take the opportunity of this letter to give you some complementary information concerning the IRPA13 Business Programme.

## 1. Detailed proposal to host the IRPA14 Congress

Following the selection of Cap Town, South Africa as preferred venue for the IRPA14 Congress by the General Assembly in Buenos Aires (2008), the Southern African Radiation Protection Association (SARPA) has developed a detailed proposal for the Congress. This proposal was evaluated and endorsed by the Executive Council at its 61<sup>st</sup> meeting in Seoul in May 2011. The Bid to host the IRPA 14 Congress can be consulted on the IRPA Web Site at the following address: *(to be provided)*

The evaluation report prepared by the President, the Vice-President and the Executive Secretary of IRPA is given in **Attachment 1** to this letter.

# International Radiation Protection Association

## 2. IRPA Budget 2012-2016

The proposed budget for the period 2012-2016 is given in **Attachment 2** together with a short report of the IRPA Treasurer presenting the IRPA income and the expenditures for the period 1 November 2008 through 31 December 2011. A more detailed report about the IRPA budget for the period 2008 to 2012 will be presented at the IRPA 13 General Assembly.

## 3. Agenda of the IRPA13 General Assembly

See **Attachment 3**.

## 4. Agenda of the IRPA13 Associate Societies Forum

See **Attachment 4**.

## 5. Agenda of the 62th IRPA Executive Council

See **Attachment 5**.

## 6. Nomination of Delegates to the General Assembly.

Many Associate Societies have already nominated their Delegates to the IRPA13 General Assembly. If you have not yet done it, I would really appreciate to receive the information prior to the General Assembly in order to facilitate the preparation of the General Assembly. I remind you that the participation of your Society to the General Assembly is dependant upon the payment of the 2012 dues. For any questions related to the payment of the IRPA dues please contact the IRPA Treasurer **Richard Toohey** at [dick.Toohy@orau.org](mailto:dick.Toohy@orau.org).

## 7. IRPA 2011 Survey

A questionnaire concerning the years 2010 and 2011 has been send to all Associate Societies to have an update on the activities of the IRPA Associate Societies to be presented at the IRPA13 Associate Societies Forum in Glasgow. I would appreciate if you could send me back the filled questionnaire before 28 February 2012 and I thank you in advance for your cooperation.

Please note that the present letter with all attachments and the Annex, together with the First Letter to the Associate Societies for the preparation of the IRPA 13 Business Programme, are posted on the IRPA Web Site : <http://www.irpa.net/index.php/irpa-13.html>. If you have any questions concerning the preparation of the IRPA 13 Business Programme, please do not hesitate to contact me.

Looking forward to meeting you in Glasgow next May.

Sincerely yours,

Jacques Lochard  
IRPA Executive Officer

## **13 BUSINESS PROGRAMME**

### **Attachment 1**

**REF: IRPA 13-12/01-1**

## **IRPA 14 Preparations, Cape Town, South Africa**

### **Report to Executive Council, 29 May 2011**

R. Czarwinski, J. Lochard and K. Kase traveled to Cape Town 22-24 February 2011 for **IRPA** meetings with representatives of the organizing committee and the Cape Town Convention Bureau. The purpose was to review the status of planning and budget for the IRPA 14 Congress in 2016. We also visited the proposed venue at the Cape Town Convention Center, some of the proposed hotel accommodations and heard presentations from three potential Professional Congress Organizers as well as Cape Town security. We were hosted by SARPA and the Cape Town Convention Bureau. Our hosts from SARPA were:

Gert Liebenberg, Isabel Steyn, Rozaan Swanepoel, Thiagen Pather, I. D. Kruger, Abrie Visagie, Senoelo Pheto, Tobie Kotz and Christoph Trauernicht.

#### **Status of Planning and Budget**

Planning is well advanced as expected because of the work done on the proposal for 2012 that was presented at IRPA 12. Space in the Convention Center has been identified and is more than adequate. It is a very pleasant, up-to-date facility with excellent services and capability to host an IRPA congress.

The budget has been thoughtfully prepared for this early stage of planning. The organizing committee is very competent and eager to host IRPA 14.

#### **Hotels and Restaurants**

There is an abundance of hotel space in the part of Cape Town near the Convention Center with accommodations covering a range of quality and cost, all within walking distance of the venue. There are also many restaurant facilities and opportunities for evening activities in the waterfront area – also an easy walk from the hotels.

#### **Professional Congress Organizer**

The organizing committee together with the Convention Bureau staff has identified 3 or 4 potential PCOs. The three we met with are all competent to organize an outstanding congress. The organizing committee will continue discussions and select one by the time of IRPA 13.

#### **Security**

The Cape Town Convention Center area is serviced by a private company that supplements the city services. This company is supported by local businesses and the city and has a 10-year

# International Radiation Protection Association

program to improve security, urban management and social development. They are about five years into the program. Security is managed in partnership with local and national law enforcement agencies. Urban management includes cleaning and maintenance to supplement city services. Social development includes addressing family issues, job training, shelters and other services for homeless individuals.

## Summary

Overall our assessment is that the organizing committee is competent and enthusiastic, the support services and Convention Centre in Cape Town are outstanding, and it would be an excellent venue for IRPA 14. We recommend that the Executive Council endorse the proposal to hold IRPA 14 in Cape Town South Africa in May 2016 and forward this recommendation to the General Assembly at IRPA 13 for approval.

### IRPA Executive Office

# International Radiation Protection Association

**IRPA 13 BUSINESS PROGRAMME  
Attachment 2  
REF: IRPA 13-12/01-2**

## **IRPA Treasurer's Report for 2008-2012 and Proposed Budget for 2012-2016**

The attached spreadsheet shows the IRPA income and expenditures for the period 1 November 2008 through 31 December 2011. Note that IRPA, with the approval of the Executive Council, has spent more than budgeted, primarily on stakeholder engagement activities, including the very successful regional congresses in Medellin and Nairobi. As President Kase noted in his report,

“IRPA will need increased financial support and increased participation of its members in the future to advance IRPA as the International Voice of the Radiation Protection Profession. The IRPA income has not increased substantially in the past 10 years. However, to adequately respond to the requests for IRPA assistance to regional congresses and associate societies as well as collaborations with international organization activities in radiation protection, expenses have increased by over 30%. Demands placed on the President were more than I could satisfy personally and I was fortunate to get some support from members of the Executive Council. However, I had no demands from a full-time job. Future Presidents may require more support from IRPA members to fulfil all the necessary time demands for IRPA participation.”

Consequently the Executive Council has decided to request approval from the General Assembly for a dues increase of \$0.50 per member. However, the Council has also decided to adopt a three-tiered dues structure, in order to decrease the financial burden on developing countries. Those associate societies from countries with an annual gross domestic product of more than \$8,000 per capita (Tier 1) will be assessed the full rate per member, i.e., \$3.50. Those from countries with an annual gross domestic product between \$2,000 and \$8,000 per capita (Tier 2) will be assessed the full rate minus \$1.00 per member, i.e., \$2.50. Those from countries with an annual gross domestic product of less than \$2,000 per capita (Tier 3) will be assessed the full rate minus \$2.00 per member, i.e., \$1.50. According to current World Bank data, Tier 2 associate societies include those of Argentina, China, Colombia, Cuba, Egypt, Malaysia, Morocco, Peru, Philippines, Serbia, and South Africa, and Tier 3 associate societies include those of East Africa, India and Madagascar.

The attached spreadsheet also shows the proposed budget for 2012-2016, based on dues set according to the above scheme. The Executive Council is continuing to develop other sources of income for IRPA, and we hope to present some proposals to the General Assembly for approval at IRPA-13.

Respectfully submitted,  
R. E. Toohey, IRPA Treasurer
