

**Michiya Sasaki, Ph. D. – IRPA Executive Council Member
JHPS, Japan**

Workplace: Central Research Institute of Electric Power Industry (CRIEPI), Japan

Positions:

Employed at CRIEPI, April 2002
Assistant Scientific Secretary, ICRP, 2012–2014
Senior Research Scientist, CRIEPI, 2017–present

Research and work experience:

Development of the clearance monitoring system for the measurement of very low-level gamma radiation, Development of the activity distribution evaluation system for large radioactive waste package transport, 2002–2011
Radiation monitoring work at J-Village in Fukushima prefecture, 2011
Working at the Scientific Secretariat of ICRP, 2012–2014
Radiation risk assessment and its application to the system of radiological protection, Epidemiological risk estimation, Risk projection for low-dose and low-dose-rate radiation exposure, 2014–present

Activities at JHPS:

Chair, Young Researchers' Association, 2005–2007
Secretary, Editorial Board of JHPS journal, 2009–2011
Member, International Correspondence Committee (ICC), 2015–2018
Secretary, Task Group¹ (TG) on low-dose and low-dose rate radiation risk estimation methodology, 2016–2018
Secretary, Joint Committee² on low-dose radiation risk, 2017–2020
Chair, TG¹ on the development of a calculation code of cancer risk due to radiation exposure, 2020–2022
Managing director and chair of ICC, 2019–present
Vice president, 2023–present

¹ Task Group of JHPS

² Joint Committee of the Japanese Radiation Research Society (JRRS) and JHPS
